Along the Trail

By J. B. YULE

CASEY, WITH THE CANE

Most people have heard about Casey at the bat. Now, readers of this column, let me introduce Casey with the cane, who happens to be none other than Harry Casey, well-known stock buyer of Grande Prairie.

As I travel Along the Trail of Life I gather that there seems to be the eternal fitness of things. Some men wear a Prince Albert suit and a plug hat as though they grew on them. Others wear a full dress suit as though they and their ancestors were all to the manner born. Others again feel and look absolutely out of place in such apparel.

The writer made bold once upon a time to get into a full dress suit which I wore on a special occasion. The suit was a perfect fit, but what bothered me was what to do with my hands. I honestly believe had the said function lasted another half hour I would have met with a serious accident as a result of having gotten tangled up with my own hands. To tell the truth, I was wishing my hands would drop off—for the time being at least.

Now to get back to the subject of this story. Casey carries a cane as if he had been born with one in his hand.

I watched him the other day sizing up a horse, during which he carried his cane with a naturalness that was hard to see. From where I was standing the cane seemed to act as a magnetic pole from which Casey took his directions. It is said that Casey would not move a thing of going out on a stock-buying trip without his cane than he would think of voting Social Credit.

We have seen men carrying a cane as though they did not know where to go with it. Not so with Casey. He carries a "stick" as though it was part of him. Carrying a cane in the proper manner is an art, and Casey has the art. In other words, there is perfect synchronizing between Casey and his cane.

I trust that my old good-hearted, genial friend Casey may long be spared to sport a cane, whether buying stock or not.

MORE MILES TO THE GALLON

For some years a Winnipeg man has been experimenting with a new device with a view of obtaining more miles to the gallon.

It now appears that this device is perfected and it is possible to make 200 miles on a gallon of gas.

The following news item appeared recently in the Christian Science Monitor:

WINNIPEG, Man.—Two hundred miles on a gallon of gasoline is the record set by a Winnipeg man in an ordinary passenger automobile equipped with a new carburetor invented by him.

"Experiments with the new device have been conducted over a period of 10 years. Satisfied that the invention is practicable, a number of Winnipeg business men have formed a syndicate to finance organization to market the accessory. Patents have been taken out in Canada, United States, Great Britain and other countries.

"The latest test was made in 'win-' at a day when the temperature was 10 below zero, with a stiff north wind blowing. An eight-cylinder coupe travelled exactly 202 miles on a measured pint of gasoline (Imperial measure). This is equal to 204 miles a gallon (Imperial measure), which is about one-fifth larger than the American gallon.

"At this rate, it is estimated, a tank full, 10 or 12 gallons, will suffice the entire journey for a whole summer's driving. The gasoline bill of an American motorist, which totalled about \$4,000,000,000 in 1934, would be cut to about a tenth of this amount by the use of the new carburetor, or about \$400,000,000.

If the new carburetor is all that is claimed for it and does not cost too much, many a family will be able to take their car out of the garage which has stood there for many months owing to the fact that the winter buy gas was not in sight. The new device will fill long-forgotten tanks.

The above is a real "Along the Trail" story.

A POINT OF VIEW

While travelling Along the Trail recently I chanced to see two pictures, excellently done, but the subject made me shudder.

In one of the pictures a man was reaching for what looked like the appearance of a high-powered rifle to take a shot at some beautiful deer which were crossing a stream. The other contained the figure of a man firing

point blank at a bear. Against the high-powered rifle the Bear had no chance on earth.

Later I had the pleasure of seeing a pretty picture which was the subject of the other two mentioned. Here was a man "shooting" a picture of a wild animal in the timber.

To shoot to kill is one thing, but to shoot to wound is quite another. To molest any person and living their own lives in their own peculiar way, merely for the love of kill—well, it just can't see this sort of thing and fail to understand why such pastime can be justified by the term sport.

Recently I heard a Grande Prairie man who has made a considerable study of the wild animals of the mountains observe: "What chance has a critter or any other animal against a man with a high-powered rifle?"

The odds are all on one side—it is not sport. Besides all animals, like people, which are not a danger to society, have a right to their place in the sun.

A HUMOROUS INCIDENT

On Tuesday there stood on the sidewalk, directly in front of the station, a large car upon which was tacked a sign which read "Explosive" showing in large red letters.

As a group of men waited for the train to arrive, one of them, standing near the station from the east many were the speculations as to what the car contained. The crowd suggested that the car might be a political speech and later another capped the climax when he observed that the car was willing to bet that the car contained dynamite.

In travelling Along the Trail we often hear some very humorous remarks.

HALCOURT NEWS

HALCOURT, Mar. 31.—The Halcourt Board of Health, at a meeting held at the Wembley Club, failed to show up and hope they will do so at some very distant date.

Ye Scribe was very much interested with the editor's article on world peace and the power that a united people of all nations hold in their hand. Why should a country be disturbed by Mussolini or Kaiser, or such like. This doctrine should spread like a flame.

How shipping day Saturday. You can always tell which day has been the weather. It is a shame to see this March! Half April showers!

They say that—Erwin Schenck has a divine horse. The village blacksmith was mistaking Erwin's horse for a truck. Bert Funnell arrived in England and sound.

Henry Richards doesn't like cats down his neck.

The mail was late last Wednesday on account of parking.

BEAVER LODGE

BENTON UNITED CHURCH
Beaver Lodge
Minister: A. H. SHIELDS, B.A.
Sunday, April 5
PALM SUNDAY

11:00 a.m.—Beaver Lodge S.S.
11:00 a.m.—Hinton Trail.
7:30 p.m.—Apprentice.

7:30 p.m.—Beaver Lodge. The Lord's Supper will be administered at the close of the evening service.

Tuesday, April 7
8:00 p.m.—Praying Week service will be conducted at Elmworth.

DIMSDALE NEWS

SALE AND SOCIAL SUCCESSFUL
DIMSDALE, April 1.—The pie social and rummage sale held by the community club in the hall on March 27 was a decided success despite the rough condition of the weather. The proceeds realized were approximately twenty-one dollars.

C. C. CARD PARTY WINNERS
The last card party held by the club at the home of Mrs. Noyes. It was well attended and first prizes were awarded to Mrs. Hawkins and Mr. Herman Vande, with consolation prizes to Miss Marjorie Stoll and Mr. L. Hawkins. The next party will be at the home of Mrs. Fredericksen, on Saturday evening, April 4.

It is good to see the Anderson family back, occupying their old place in the community circle. Mrs. F. South and son, Carlin, are visiting friends in Huskies.

THE NORTHERN TRIBUNE

TWO RIVERS DIST.

By W. W.
HOPE IT IS FINAL VICTORY
TWO RIVERS DIST.—Messrs. Old Man Winter and Jack Frost have been visiting us for the past week or so. It is to be hoped this is their final visit for this winter.

BAPTIST SERVICE HELD
Divine services of the Halcourt Baptist Church were held at the home of Mr. and Mrs. D. McNab on Sunday by the Rev. Geo. A. Shields.

A baptismal service was also held at which Miss Dorcas Look and Master James McNab were brought forward.

U. F. A. ELITE OFFICERS
A meeting of the Two Rivers U.F.A. was held in the schoolhouse on March 21, at which Mr. R. Cook was elected president and Mr. D. McNab vice-president for 1936.

Considerable business was done, one action of the meeting being the adoption of a resolution endorsing the Halcourt Board of Health.

W. Ray paid a flying visit to the home on Monday.

EASTER SERVICES AT HALCOURT
The Easter Sunday services of the Halcourt Baptist Church will be held at the church on April 12.

Several from the district took in the play and dance at Halcourt on March 20 and report it very good.

INOCULATING FOR FEVER
Mrs. T. Funnell of Halcourt will be in charge of inoculating for fever at Halcourt and anyone in this district who wishes to have their children or themselves inoculated may do so.

BOARD HELD REGULAR MEETING
The regular monthly meeting of the Board of Trustees of the Two Rivers Baptist Church was held on Saturday, March 28.

By Jack Pine.
TWO RIVERS, Mar. 30.—March is sure living up to its reputation—being like a lamb and gone out like a roaring lion.

Erwin Schenck is back in the district after spending a few months at his father's place in British Columbia.

Friday was a real one. Only one, Ben Cook, attended. Don't know what was wrong with the weather or else everyone having a cold.

Harry Jones are very busy hauling lumber these days.

George was a visitor at the home of Mr. and Mrs. McNab on Sunday.

Seen and Heard
Ted still hauling logs and rails for the mill.

Two farmers of the district out doing chores by lantern light.

Mr. Richards and young George please take notice that Alf Perdue is now two Rivers district and I can do all the mowing that is needed, so hands off.

HOUSEHOLD HINTS
To Prevent Frozen Pipes—In very cold weather, keep dripping pipes slightly and the outside pipes run with feet or sacking.

MEET "TO REORGANIZE"
TWO RIVERS, Mar. 28.—A meeting of the U. F. A. of this district was held in the schoolhouse March 21, to reorganize. The election of officers was as follows: Ben Cook, president; Don McNab, vice-president; and Walter Williams, secretary.

The play, "Hercules Charlie," presented by the Halcourt district, was the best play ever to be put on in this north country by local talent.

Frank Mitten is a visitor in the district for a few days.

Ted's visiting at the home of Mr. and Mrs. L. Look.

Seen & Heard
Alf and Tom Williams telling each other jokes between the acts.

Miss Cherkulak dancing with the new boy behind her partner's back.

Alf having to be pushed for about a mile having his engine had stalled, his truck having been left at Halcourt.

Percy hauling feed.

See our notice late at night.

VALHALLA CENTRE
The Halcourt district is now a professor at Camrose College, spoke first. His message was brief and sincere. To the delight of the listeners he then sang a Norwegian song. The same voice that had echoed and re-echoed over the denser, thicketed Valhalla district fifteen to twenty years ago, floated as musically over the air.

The song brought many happy memories and reminiscences to the days when the Ronning boys were members of the settlement.

Harold Ronning, who was also connected with Camrose College, was then introduced by the announcer as a "champion of the old block." In a few words he extended his greetings to his numerous friends in Valhalla Centre and dedicated the program to his father and mother, Mr. and Mrs. H. N. Ronning, formerly of Minneapolis, Minn., and who have now retired at Valhalla Centre.

The Valhalla people are eagerly looking forward to another of these friendly radio broadcasts, the connecting link that unites them from the span of passing years and recall the pleasant past when the district was the pioneer stage.

SCENIC HEIGHTS

SCENIC HEIGHTS, Mar. 30.—We are glad to be able to report that the number of cases of "flu" seems to be diminishing. However, there are still those who are convalescing.

Mrs. Wm. Henn, who for a week has been suffering from the "flu," was taken in to Dr. Miller at Wembley on Friday afternoon, when it appeared her hearing was in danger of being impaired. We hope she will soon be her former cheerful self once more.

It is expected that Gordon White will return to Wembley, where he will resume his studies early this week, after being home about a week with the "flu." When a fellow is sick, there's no place like home.

We are glad to state that Evelyn is also making a recovery.

It was reported last week that Mr. A. Klussen has been enjoying the best of health. We hope it is only a temporary nature.

Others on the convalescent list are: Harold White, late in arriving, Mrs. Thorne, Willis Fowler, and Marshall Richards.

GOOD CROWD ATTENDS DANCE
SCENIC HEIGHTS, Mar. 28.—The H. A. A. held another successful dance in the community hall on Friday evening. The Wembley orchestra, with Mrs. J. H. late in arriving, soon made up for any lost time by starting right in with a peppy variety of music which made it difficult to arrive late on the side-lines. Faithful to the orchestra, a host of Wembley people and in an appearance, which added greatly to the crowd. Lesie Skasken, Meadowville and Buffalo, and other districts were also strongly represented.

Between Mr. H. Doof as floor manager and Mr. Wm. Felsa's genial personality, plenty of fun and frolic was provided for all.

The home-made candy stall, which was manned by the Big Horn girls, was well patronized. This season was undertaken by the girls in hopes of obtaining a few dollars for equipment for the coming season.

EPIDEMIC OF COLDS
For the past couple of weeks an epidemic of colds has been sweeping the district. In some cases it has been "flu."

Mrs. C. L. Helken has been playing the role of god-mother in leading her assistance to the Wahl and Fredson families. Mrs. Fredson's condition being such that on Friday evening Dr. Miller of Wembley was called out. Pneumonia is reported to be the trouble in Mrs. Fredson's case, while it is one of the children who is afflicted in the Wahl home.

We report in reporting Mr. Fred Richards' condition as completely improved last week, that such was not true, as it seems that he has been having a real bout with the "flu" and at times his temperature has been quite high. On calling in Dr. Miller's services a heart condition was discovered, which is likely responsible in part for the delay in his recovery.

Marshall is reported as doing favorably. Mr. Richards and young George are fortunate in one respect, namely that Mr. Richards is a trained nurse. We sincerely hope that no further complications set in and that their recovery may be made as soon as possible.

Evelyn White has also been having a very disagreeable time of it with the "flu." After feeling somewhat improved she suffered a relapse and has been confined to bed once more. We are glad to be able to report an improvement now again.

Word has been received by Mr. and Mrs. E. H. Keith that their daughter, Dorothy, has successfully completed her period as a probationer and has been accepted for admission to the Hospital in Edmonton.

Mr. and Mrs. W. Campbell and family were on their way to the home of Mr. M. C. White.

APPLETON NEWS

APPLETON, Mar. 31.—The Appleton members of the W. of. of the United Church met on Wednesday afternoon at the home of Mrs. Cleland, Halcourt.

Quite a number of our residents are suffering an attack of the "flu." A letter to the south under date of March 17 from our old neighbor, Mr. J. H. Bell, who is at the present time located at Cheam View, B.C., says in his letter that he is suffering from the "flu."

Quite a number from here have attended the Beaver Lodge High School concert on Friday night.

Don't forget the meeting of the Community Club at 8:10 Friday night of this week.

HEARD OVER THE AIR
That 22,000,000, or about half the population of Great Britain are living in the province.

On the heels of this comes the information that some of the armaments last week have made as high as 90 per cent dividends and the allied makers of material to deal death and destruction have made an average dividend of 207 per cent for the past year.

That Mr. Alshocher can put his refunding debt scheme over, it will mean a \$7,000 basic dividend daily for the province.

The Imperial Tobacco Company, headquarter of the western Canada branch, is in Kimberley, B.C., and Mr. William, Ont. over CPON on Monday evening came in fine and was accompanied by hockey fans here.

GUNDY NEWS
GUNDY, B.C., Mar. 31.—Mr. J. A. Keller is ill with the "flu."

C. P. Twombly is also a "flu" patient this week.

An error appeared in the Gundy items last week, as Art Bulley was reported to be the new mail carrier. This was a mistake, as Lyle Keller will hold that responsible position.

Mr. and Mrs. L. L. Healy and daughter, Lorraine, were here on evening suets at the Twombly home.

The storm has postponed work on the new church, which they hoped to complete for Easter.

L. L. Healy reports the loss of a valuable brood mare, which was to be held April 1 was called off.

Cecil Twombly leaves this week for Grande Prairie, where he expects to be employed for the summer.

Mr. J. C. Young is on the sick list this week.

The R. D. Moore family have all been down with the "flu," but have nearly all recovered now.

Mr. Ed. Hay is moving his sawmill to Riverside, where he expects to do custom sawing this spring.

W. A. Abbott is having a hard time hauling straw, as he has to use a wagon part of the way and then change to sleighs to finish the trip.

E. Taylor has a very sick horse.

LYMBURN NEWS

HELP A GOOD CAUSE
LYMBURN, March 31.—You will thoroughly enjoy "Cyclone Sally" with its interesting plot and comic situations. W. Phillips plays the part of Jack Webster, who is kept in a constant state of fire upon his return to his home after a long absence; Ronald Gault plays the part of Reginald Mansel; and such young Englishmen who can't very fond of work. Willie Clump, who is a very comical character, is a marvel at forgetting, is ably portrayed by Jack Wiebe; Jim Jerkins, a farm hand, who has been courted by Jenny Thatcher for twenty years without success, is played by Jim Hawkes. Mrs. W. Phillips takes the part of Jenny Thatcher, a servant at the Webster farm. Mrs. Pollock plays the part of Vivian Vernon, who is a prominent person in Cedar Point. Mabel Hay takes the part of Ruth Thatcher, a school teacher with whom Reggie falls in love. Betty Graham, who provokes Jack Webster's anger, is played by Hazel Gordon, and Evelyn Pollock takes the part of the neighbor girl, Effie Varden.

Mr. G. Pollock is directing the play with the assistance of Mr. G. Robertson.

Immediately following the play there will be a dance. Admission to play and dance, thirty cents. Tickets up to 13 years, 10c. Lunch served at dance, 15c.

The play is to be staged in the Lymburn hall on Wed., April 8 at 8:30. The play is sponsored by the Women's Institute with the objective of raising money for playground equipment for the Lymburn school.

On Easter Monday, April 13, this play will be put on in the Circle Bank hall for the same purpose.

Rev. Semple, the Anglican minister at Beaver Lodge, has served in the Lambert schoolhouse on Friday, Mar. 27th. In spite of the cold night there was a very good congregation to hear Mr. Semple's interesting sermon. He plans on visiting Lymburn again on Tuesday, April 7. We were very sorry to hear that Mrs. Semple was not feeling very well.

Mrs. Wilton, Mrs. Pollock, Evelyn and Jimmy Pollock, Mrs. Gordon, and Miss Hazel Gordon spent last week end in Hinton.

Mrs. Welas and family moved to Lymburn this week from Preston Lake district. They have taken up residence at the Speechley place. Mr. Welas, who has been ill for some time, was taken to the hospital last week.

Mr. N. Olek, Englishman has been visiting in Lymburn with his brother.

There is to be a dance in the Alder-grove school on Friday, April 3rd.

Timely Hints From the Beaverlodge Sub-Station

W. D. Wright
"IT IS A PLEASURE AS WELL AS A DUTY TO SERVE"

Mineral Supplements for Cattle

A recent timely hint from the Beaverlodge Sub-Station, Alberta, in which ground limestone fed to fattening calves had turned out profitable, improving finish as well as rate of gain. It appears that a previous winter's loss of profit, however, was not a different in that while ground limestone had increased the gain and lowered the feed cost per pound of gain it had in that particular instance tended to promote growth rather than fattening, with the result that the limestone group lacked finish and so for loss per pound than the check lot, hence proved less profitable.

The converse results of the two winter's experiments serve further to emphasize the complexity of the problem. As Prof. J. A. of the use of mineral supplements must be considered in the relation of the various elements of stock and other factors being used. There seems little doubt that in the case of some feeding systems and common salt added to the ration of cereal grains is worth while, although here, again, if skim milk and hay were being used in proper amounts as a protein supplement there may be a question whether calcium and phosphorus are actually needed. In the light of present knowledge, it is recommended that one pound each of ground limestone and salt be added to 100 pounds of grain, even when protein supplements are being fed, is a safe one. In the case of cattle feeding where limestone has entered into the ration I am very doubtful whether it can justify the purchase of high-priced mineral supplements. There may be exceptions in the case of heavy-producing dairy cows, and under range conditions where there is some evidence to show that there is a lack of phosphorus in the feed during the latter part of the season. Under these conditions the feeding of bone meal and mineral phosphate may be justified. Our present knowledge is rather limited.

Ground limestone as a mineral supplement, adds Prof. Mackville, in phosphate, different classes as mineral elements. The limestone contains about 55% calcium carbonate, of which approximately 40% would be calcium, while in commercial phosphate contains about 20% of calcium and 20% of phosphorus. Hydrated lime may be used as a source of calcium, but it is not so good as ground limestone. In feeding with bone meal at the University of Alberta they are gradually getting away from the old mineral mixture of slacked lime, bone meal, sulphur, and are feeding one pound each of ground limestone and salt per hundredweight of grain. There is evidence that a smaller proportion of lime might be advisable where tankage or skim milk was being used.

Flax for Hogs

Of what value would ground flax seed be in a mixture of other feeds for hogs? A. F. Dawson, C.E.C., Alton, a small amount of flax seed would be excellent for a hog mixture and its use would slightly lessen the amount of digester tankage called for to supply the necessary protein content. However, tankage supplied with only protein but some very important animal salts, so that it cannot be wholly substituted by flax seed. It might in quantity prove too laxative, anyway. Besides, if the flax seed were fed in excess of two or three per cent of the ration it might tend to produce soft pork.

Smut Treatment

In treating seed grain we have used formalin for years, seeing no ill effects, but now many are advising the use of Ceresin. I am afraid of the dust. Is it not dangerous even when putting it in seed box on a windy day?

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of bile every day. If your liver is lazy, it is just dead in the bowels. Gas builds up your stomach. You feel bloated. Your pulses go into the body and you feel sour, sick and the world looks black.

A mere bowel movement doesn't always get at the cause. You need something that works at the liver itself. It takes these good, old capsules to get the liver to get these two pounds of bile flowing. It's the only way to feel good and up. Harmless and gentle, they make the bile flow freely. They are made of colored but have no harmful or mercury in them. Ask for Ceresin Liver Bile. They are sold everywhere. Refuse anything else. See.

ROOTROTS OF SWEET CLOVER AND ALFALFA

(Continued from Page Two)

The prominent phase of the legumes, alfalfa and the clovers in Canadian agriculture, and the frequent occurrence of injury to these crops, that often follows the winter dormancy period, have led to an extensive study of the situation by the Dominion Laboratory of Plant Pathology, at the University of Alberta, Edmonton.

After several years work it has been discovered that several soil-inhabiting fungi, most of which heretofore have not been considered as parasites on these legumes, may actually destroy all or part of the root system, or, in conjunction with mechanical injury, greatly increase the final damage which occurs immediately following winter. That is to say, straight winter injury, or straight parasitic injury, may exist separately or together. When acting together the injury is greatly increased. Part of the study has involved the testing of the natural resistance of the various varieties to the different fungi parasitizing them. In the hope that some varieties, resistant better than others, and that these may be used as plant breeding material.

Production of new varieties having greater resistance than others was now being attempted. However, the association with winter killing by this means would obviously be of great economic importance. However, until such time as these varieties are available, fields known to be severely infested with these root-rotting parasites should not be used for alfalfa or clover, but for corn and other crops. If this is done, and only methods employed which will produce a vigorous root system to enter the winter period, the grower will be protecting himself as far as possible against loss which follows the overwintering period.

G. B. SANFORD,
Dom. Laboratory of Plant Pathology,
Edmonton, Alberta.

HINTS ON GROWING ASPARAGUS

(Continued from Page Two)

Asparagus will grow on a wide variety of soils, but the warm, rich, sandy soils with a little lime are preferred, as these soils are open and porous, permitting the development of an extensive root system. Asparagus is a permanent crop, therefore it is advisable to give special attention to the preparation of the soil. Summer-fallowing the land for one season and applying well-rotted manure in the fall is advised. It is important that the land be freed from weeds and grasses.

In prairie areas where winter frosts are severe spring planting has given more satisfactory results than has fall planting. Plants one year old have produced larger crops for a longer period than have older ones. Plant as early in the spring as the soil will permit, the plants being spaced 1 1/2 to 2 feet apart in the row. The crowns may be covered 6 to 7 inches deep in light soil and 4 to 5 inches deep in heavy soils, care being taken to spread the roots out in their natural position. Asparagus is set deeply because the crowns gradually grow upwards as the plants grow older, also it allows manure to be worked into the soil without injury to the crowns.

No shoots are cut until the third season, when only the stronger ones are used. Cutting may begin in the second or fourth season. With proper care, asparagus will produce satisfactorily for many years. At the Dominion Experimental Station, Scott, Sask., the varieties Colonial and Arpentou have been grown successfully in the same plantation for over 15 years.

Late in the fall of each year the top growth may be cut off and manure applied. This is worked into the soil every spring. The destruction of tops is advised for the purpose of helping to control diseases and insects.

G. D. MATTHEWS,
Experimental Station, Scott, Sask.

Memories of 1914-1918

By Mabel Smart

Another WAAC story from France. A certain apparently WAAC was attached to the Army Service Corps as a driver and had to report to her Commanding Officer in the address room for some trifling misdemeanor. This was the conversation (now an orderly room):

Officer: "After hearing the evidence I find you guilty and you will be fined half a crown!"

Driver: "Sorry, sir, but I haven't any money with me!"

Officer: (lightly) "The fine will be deducted from your next week's pay." Commanding Officer: "Oh, thank you, sir—that will be very nice, sir. Goodbye, sir!"

Cavalry officer (making his morning rounds of the stables) to new recruit: "Anything to report today?" Recruit: "Yes, sir, my horse is sick. He won't pick up his head!"

Sunday morning a certain company paraded for church—the men in great coats, as if of driving rain, for the weather was very cold. Young "Loaf" strode up to take his place at the head of his company and remarks superfluously: "Who the greatcoat, Sergeant Major? Look! Look! A damned fine school!"

A German air raid over Ebel Kent, England, in bright moonlight night (how we hated full moons in those days, the writer in the main street of Canterbury, going towards and listening to the bang! bang! bang! of anti-aircraft guns).

This incident occurred at the time when Rumania was sitting astride the Balkans, and the British and French were quite sure whether she would ally herself with Britain and France, or with Germany. A German boy whom we knew very well happened along and the following conversation took place:

Boy, reassuringly: "Don't worry. The Germans won't ever bomb Canterbury!"

"Why not?" we enquire.

"Well, you see, the Germans haven't dared enter the cathedral, who should they not bomb ours?"

"Well, you see," answers our youthful friend, "Cathedral is supposed to belong to the Church of Rome and if the Germans destroy it, the 'Romanians' will go in the war against them!" (ingenious reasoning, what?)

A certain English lady of humble origin, whose husband amassed a fortune quickly during the war, was showing a friend over her very fine new house. When the bathroom was reached and the friend saw the new fixtures, showers, etc., she exclaimed, admiringly: "Why what a wonderful bathroom! I have never seen one like it before!" "Yes," replied the lady, if the house, "it is beautiful. It makes me long for Saturday night!"

A certain Canadian padre was addressing his soldier congregation one Sunday morning and warning them of the many evils that beset them. "Boys," he exhorted earnestly, "remember the road to hell is paved with whisky and cheese!"

"Voice from the rear of the church: "O Death, where is thy sting?"

80 As Retiring Age For Boy Scouts

From South Africa on his recent 70th birthday Lord Baden-Powell, ex-Captain Canadian Scouts: "Am entering my 80th year and I urge all my Canadian brother Scouts to stick to Scouting till they reach the same age."

DEBOLT ITEMS

DEBOLT, Mar. 27.—Mr. P. H. Stevenson has been on the sick list this week.

Mrs. Stan Dodd and two little sons have been visiting at the Morrison home this week.

Mr. Howard Moore and Mr. Tom Moore are building a blacksmith shop at DeBolt.

Miss Ann Mix was a guest at the Perkins home on Saturday night and Sunday.

Miss Muriel Novey and Mr. Albert Kadey were visitors at the G. DeBolt home on Sunday evening.

Mr. and Mrs. I. Morrison were Sunday guests at the Fields home on March 15.

Mrs. Shetlown was staying at the Stevenson home for a few days last week.

The M. J. Hogg family were Sunday dinner guests at the A. McNeil home on March 15.

Mr. and Mrs. C. Moore were visitors at the Hughes home on Sunday.

Rev. Stanley Hunt held church services at DeBolt on Wednesday evening, March 18. That was also the annual church meeting. Officers were elected as follows: Mr. Perkins, Mr. Givens, Mrs. Hiding, Mrs. Novey and Mrs. McArthur.

Miss Alberta Hughton is visiting Frank Knox for a few days this week.

Mrs. C. Moore and Mrs. T. Moore were visitors at the Geo DeBolt home on Monday afternoon.

Mrs. Pearl Woolrich of Glen Leslie is visiting her mother, Mrs. S. J. Turner, this week.

Miss Eva Bault and Miss Ruth Newcomb, Miss Barbara Matlock, Mr. Howard Minchin and Mr. Art Rose were supper guests at the Turner home on Sunday evening.

Mrs. Morrison and Mrs. Dodd were supper guests at the Robertson home on Wednesday evening.

Mr. and Mrs. Ben Swatsky are selling their household equipment, preparing to move to Vancouver this spring.

Several carloads of cattle and hogs will go out from here this week for the Edmonton market.

Mrs. L. Rose of the Ferry Inn was a visitor at DeBolt one day last week.

Claude O'Keefe was an overnight visitor at DeBolt on Monday night.

The Legion dance on March 17 was attended by a large crowd and everyone had a good time. The Mountain Springs orchestra furnished the music and Mr. McLeary was chairman and floor manager. H. E. DeBolt gave a talk on St. Patrick's day program was given at the supper hour.

Mr. Clegg spent the week at DeBolt doing veterinary work.

Miss Dorothy DeBolt has been laid up with tonsillitis for several days this week.

Mr. Clegg and Tommy Clegg were visitors at DeBolt on Wednesday.

Ivan Morrison, Claude O'Keefe and Geo DeBolt made a trip to Grande Prairie in the Morrison truck yesterday.

H. E. DeBolt has just finished hauling seed oats from across the river to be distributed in this district.

SEEN AND HEARD

Wildfire chasing a rat down the highway.

Several hauling boxes, wood, posts, and feed.

Ann out horseback riding on Silver. Mr. Clegg setting a dog's broken leg. Ed manhandling a cracked rib with face cream instead of liniment. Ivan and Geo, rounding up cattle on the school section on Monday afternoon. Ruth wearing a black eye and saying you ought to see the other fellow.

VALLEYVIEW NEWS

FIRST CONTINGENT LEAVES
VALLEYVIEW, Mar. 27.—Dan Borge, among others, leaves for Athabasca within the week. These are the first to go. Others will follow soon if rumor is correct.

HOLD UP, PATRICK'S PARTY
A St. Patrick's birthday party was held at Mr. and Mrs. Invald Tingstad. A 78-phonograph furnished music for dancing, while those not inclined to dance played cards. It was late when "goodnight" were said after a most enjoyable evening.

Eather Swanson is going down to sixty-nine for a few days next week. We wonder who will miss her most.

Jack Tingstad is setting his sawmill in operation again this week.

A crowd gathered at the schoolhouse on Friday night to listen to the radio and enjoy the evening. Play-rammy proved highly entertaining, though the stakes were small.

The roads are open for cars again. Vivian and Katherine were trying them out just the other day.

The roads are really rather slippery for sleigh-riding. A scooter was the most popular conveyance at present.

Jeanne Chamberlain was visiting at Tingstad's on Thursday. It was a busy afternoon. They were manufacturing whistles fully a foot long, to be used in the big play soon to come off. The whistles, made from horse's hooves, are very realistic and are quite a Ruspini-like appearance.

Joe borrowed a car to bring Bortha down to the party at Paul Worklund's on Saturday night.

Muriel Swanson proved very popular on her first visit to the store on Monday.

Cowbills are getting popular in Valleyview. Girls are starting to shingle the barns with them in order to improve their complexion.

Shadow show Thursday night at the corner. Audience were Bells and Clarence.

Mr. Bodine seems to be very absent-minded. A pair of mitts found on an odd place apparently belong to him.

Brie Williamson is interested in chicken houses. At least he was not inspecting them on Monday. Joe Holman didn't get quite that far.

CROOKED CREEK
CROOKED CREEK, Mar. 24.—Mr. Clegg, recuperating after the dance on the 17th. He wasn't out for an hour or so.

A snowstorm wanted for the local honeydew. The old lady mare went to the corner. Mr. Bodine was Bells and Clarence.

The dogs are not safe in Crooked Creek. Some Chipmunks have a little trapper trap and a very poor eye.

Gracie and Casper took in the Irish Jubilee after illuminating all winter. Where did Hattie go Friday and Saturday?

Big talk of Bear Lake, or maybe it's just a chinook.

An old country woman going into a large town saw, for the first time, an electric train.

"Well," she said, in her amazement, "I've seen on worked by horses, and I've seen on run by engines, but I never seen on dray by a clothes-prop before."

With the Boy Scouts

King's First Radio Talk Was To Scouts

The Boy Scouts claim the honor of being first addressed over the air by King Edward. As the Prince of Wales in spoke to them by radio in 1922. It also was the first broadcast by any member of the royal family.

Canadian Maple Trees To England
A novel permanent reminder of Lord Baden-Powell's visit to Canada last summer is a group of young maple trees planted in Gilwell Park, England's famous permanent training camp in Essex. The trees were sent over last summer.

Boy Scout Books in Indian Language
Scouting continues to grow in India. "Scouting for Boys" the Boy Scout's handbook, which already has been translated into several Indian languages, is now being translated into Kanaree. Similarly the Wolf Cub (Junior Scout) handbook is being translated into Malay.

A Bit of Canada in New Zealand
An effort to grow Canadian maple trees from seeds is being made in the Antipodes. The seeds were sent out by the Boy Scouts Association for planting in an "International Circle" at New Zealand's training camp for Scoutmasters. The New Zealanders hope ultimately to have trees from every part of the empire and from all the other scouting countries of the world.

Austrian Catholic Scouts Celebrate
Catholic Boy Scouts of Austria are this year celebrating their 10th anniversary. The year is being celebrated by a succession of monthly events, including a "Scouting Week" with various exhibitions, a Scout skiing contest, etc. The big event will be the First Austrian National Scout Camp, July 17 to 27. Several thousand Scouts from other countries are expected to join in the camp at a delightful camp site at the Castle of Leoben near Vienna.

Scouts Collect 110 Trucks of Relief
Although handicapped by cold and stormy weather, 110 truckloads of relief clothing, shoes, bedding and other necessities were collected in the third annual city-wide campaign of Toronto Boy Scouts on behalf of the Neighbourhood Workers' Association.

Japan's Chief Scout, Assassin Victim
One of the victims of the recent Japanese military assassinations, Admiral Viscount Hirokichi Kato, was the Chief of the Japanese Boy Scouts. Admiral Kato was appointed Chief Scout of Japan in June last, and had been closely associated with the movement since 1922. He was frequently seen in Scout uniform.

Cardinal Invites Czech-Canadian King's Scouts
The invitation of five French-Canadian "King's Scouts" was made in an interesting ceremony at St. Louis de Marie Church, Quebec, by His Eminence Cardinal Villeneuve, in the presence of 300 members of the Federation of Catholic Scouts of Quebec. It was the first time His Eminence had taken part in a Boy Scout ceremony.

An All-India Scout Commissioner
A scouting appointment of importance is a position was that of India's first Chief Scout Commissioner. The new leader of all-India Scouting is Mr. E. W. Clegg, ex-Scoutmaster of the British Empire Scout Association, who has been appointed to the post of Chief Scout Commissioner of India.

YOUNG PEOPLE'S CLUB ENJOYS "BACKWARD PARTY"

The regular fortnightly meeting of the Young People's Club, at the annex of the United Church on Monday evening last.

This being a social evening, the committee arranged a "backward party," featuring a contest, "You Know How?" contest, and it was surprising how those backward owners, not to mention the fact that the losers turned out winners and received an extra piece of cake. The old-fashioned spelling bee was also a sticker.

During the meeting a letter from the Provincial Hospital was read, in which it was stated that Fred Drager was progressing favorably and that he will in all probability have very good use of his hand, which was injured.

The next meeting will be held on Monday, April 13. This will be in charge of the Literary Committee. A large attendance is requested.

MASONS ENTERTAIN AT THEATRE PARTY

The Sexsmith Masonic Lodge entertained their wives to say nothing of their "mistresses" and their "cousins" and their "aunts"—at a theatre party at the Grand Theatre on Monday night last, to see "The Scarlet Empress," starring Marilyn Detrich.

After the performance they repaired to the hotel rooms, where lunch was served.

A REAL LIFE RIPSORTER

If you want to see a real life ripsorter Western, be at the Grand Theatre either on Saturday, April 4, or Monday, April 6. There will be two shows on Saturday, starting at 7:30 p.m.

Shirley McMillan, who has been under the weather for some time, is now well on the way to recovery and expects to be out with her playmates in a very short time.

Do not forget the popular Saturday night show at the Grand Theatre after the show. There are being well patronized.

ROYAL WINNER NEWS

ROYAL WINNER, Mar. 28.—In spite of George Edwin's family having the whooping cough and the loss of a fine coat, George is hauling logs during this cold weather.

R. Johnson & Co. will start their sawmill within the next few days. They expect a large cut.

Mr. and Mrs. Moore and family have been sick the past few days. We hope they will recover soon.

SCHOOL DISTRICT PUBLISHED

We hear that the Royal Winner school district has been published in the Alberta Gazette. This district lies 2 1/2 miles east of Prentiss and reaches 2 1/2 miles west which leaves it 5 miles west of Wainman. The number of the district is 4228. Plans for the new schoolhouse are fast under way and the ratepayers expect to start work in a short time. The cold weather will help the sleighing.

Joe Myers was a visitor at the Wilson home the other evening.

D. G. Garth is busy blacksmithing these days, getting ready for the spring rush.

Mr. Lene, Darcy Roddy, Fern and Edith Keith were visitors at the Howes' home last week.

Bob Lundy is digging another well to get water for his new cow.

Mr. and Mrs. Kohl are honored by having a school for the older people at their home while the children are at the public school.

P. J. Whelan was seen cutting logs on A. J. Hoger's dam the past few days.

G. Norton lost a fine horse the other day after a short sickness.

SPIRIT RIVER NEWS

St. Andrew's W. A. Planning To Have Successful Year

"SPIRIT RIVER, Mar. 30.—The W.A. of St. Andrew's are laying out their plans for the coming year. After the Lenten season is over they are in the intention to begin their year which looks as their most successful year.

A competent executive guides the branch in its activities: Mrs. T. H. Harper, first vice-president; Mrs. J. C. Kerr, second vice-president; Miss Ruth Knapp, secretary; Mrs. A. J. Morris, treasurer; Visiting Committee, Mrs. J. J. Jolley, convener; Mrs. Bonagrand and Mrs. Webster.

At a recent meeting it was unanimously moved that a contribution to the St. Andrew's Memorial Organ Fund for the new Cathedral at Peace River be sent from the St. Andrew's W.A. of Spirit River.

The girls' branch of the W.A. in St. Andrew's, though few in quantity, make up for the lack of numbers by quality. Their present course of study is following "Sons of the Law," an outline of the Jewish life and faith, written by the Rev. W. C. Carter, M.A. The study is intensely interesting and the girls enjoy it to the full.

At a recent meeting of the St. Andrew's North, president Dorothy Harper, first vice-president Shirley Kerr, secretary Helen Harper, treasurer Visiting Committee Catherine Moore and Dorothy Harper.

Anyone and everyone is cordially invited to drop in and see recent improvements in the completion of St. Andrew's. The church is becoming more beautiful, more stately, more winsome, communion railing, pews, and wall trimmings. In the course of the summer it is hoped that further additions will be made in the line of furnishings. St. Andrew's is known as most lovely and this is still so.

BELL ENGLAND

The home of Mr. and Mrs. E. H. England of the Peace River section of charming wedding Wednesday afternoon, March 25, Rev. J. W. Donaldson officiating. The bride was William Bell and Beatrice Catherine England. The bride, becoming a bride in a way, had a hair curl, crepe, trimmed with gardenias, and wearing a wreath of orange blossoms and carrying a bouquet of white roses, was given away by her father. She was attended by Mrs. E. H. England, who carried a bouquet of pink roses and was charmingly gown in blue silk. The groom was supported by Mr. H. Holmberg, also of Spirit River.

The wide circle of friends of this very happy couple are in wishing them happiness in their life together.

The wedding cake was rich in sentiment as well as quality, for it was decorated with a small bell which the groom had won from his grandfather's golden wedding anniversary in a way which has been a part of the family tradition for many years.

The newlyweds, Mr. and Mrs. W. Bell, will be hosts at a wedding dinner to be held in the Grand Hotel, Spirit River, the evening of April 3, at which they will be pleased to see all their friends.

This resolution was then proposed by Mr. J. Tracy and seconded by D. J. Funk and carried.

The following were named and appointed to this meeting as local committee: Mrs. N. Parker, Edith Sather and L. J. Wilson.

In loving memory of Rev. Mr. Gilchrist, President of the district, who died on March 25, 1936, at his home at Grayson, Sask., who often thought it not too much trouble to visit his home at Grayson, Sask., 25 years ago, walking five miles on Sundays, leaving his wife and children at home, and that never to be forgotten admonition "The Night Cometh."

The Tribune is the only weekly Alberta carrying a full page of the latest illustrated news.

UNITED CHURCH OF CANADA AT SPIRIT RIVER

Minister: REV. A. THORPE, B.A. Organist: MISS RUBY K. JOHNSON

Sunday, April 5

11:00 a.m.—Spirit River Church School, 2:30 p.m.—White Mountain Public Worship.

1:30 p.m.—Spirit River Public Worship.

Good Friday

A one-hour service will be held, commencing at 7:30 p.m. The Cantata, "The Story of the Crucifixion," will be presented by the choir. This is a very fine chorale piece by Caleb Simpson, simple but dignified, and beautiful in its appeal.

Easter Sunday

11 a.m.—Spirit River Church School, 2:30 p.m.—Public Worship at White Mountain, with special Easter music.

3:00 p.m.—Spirit River: The Pageant Service, "The Redeemer Liveth," will be presented by the Sunday School group.

Easter Monday

A special Easter Service will be held in the Peace River Church, with the Wainman choir taking part.

6:00 p.m.—Wainman: Easter Service in the Community Hall. Special music by the choir.

THE BRIDING WEDDING BRING RESULTS

DR. W. T. HAYNES
Dentist
DENTAL X-RAY
Phone 255 - Grande Prairie

TEEPEE CREEK

BIG BARN DANCE

On Vinyl Ridge Day, April 2, there will be a Big Barn Dance at Jack McKenna's. Come and step out to good music on the slaty-foot and help give Teepee Creek Post of the Legion a good start in life.

No cakes will be required. Hot dogs will be on sale at the entrance, with free coffee. Admission will be 50 cents per couple; individuals 25 cents each.

The last night before seed— and it will be a good one. Whoopie!

CLAIRMONT NEWS

"THE REV. DAYTON UP-TO-DATE"

This musical comedy will be presented under the auspices of the Clairmont Ladies Aid on Friday evening, April 17, in the Clairmont United Church.

REGULAR A.D.S. MEETING

The regular meeting of the Clairmont Ladies Aid and W.M.S. will be held at the home of Mrs. M. J. Milne on Thursday, April 10, at 8 o'clock.

CLAIRMONT UNITED CHURCH

Minister: STANLEY R. HUNT, B.A., B.D.

Sunday, April 5

11:00 a.m.—Sunday School.

11:30 a.m.—Bessie Sunday School.

2:30 p.m.—Crystal Creek.

7:30 a.m.—Church.

HAZELMERE NEWS

HAZELMERE, Mar. 25.—Latest

report is that Murray Brash is improving.

Mrs. W. Brash expected home today.

Mr. J. Mitchell is sick. We hope his condition is not serious.

W. J. Lucas is around this week with his saving outfit.

The Social Credit group at Itipaw held a dance in the Itipaw schoolhouse last Friday.

We are very sorry to hear that Mary McRynah, who has been in the Grand Prairie Municipal Hospital since Christmas, suffering from a nervous breakdown.

EAST END NEWS

CHURCH SERVICE, APRIL 12

Rev. E. E. Fisher, minister of Peace Presbyterian Church, Grande Prairie, will conduct church service in the schoolhouse, East End, on Easter Sunday morning at 11 a.m. and 2 p.m.

Mr. Fisher who was in Edmonton and the East on church business, has returned to the East End, looking forward to meeting as many as possible at the service. Come and hear the good news.

At a recent committee meeting of the Peace River District Agricultural Society a minute was passed to the effect that two resident taxpayers of the district be asked to audit the books at the end of the year gratuitously.

The recent W. O. W. concert put on by Mr. Brian Fisher put the funds in a good start. Many good evenings should be planned for the balance of the year, so that the auditors will have plenty to audit. Whether the committee put on white drives, dance concerts or suppers, let us help them out.

FIREWOOD

The end of the month is here and soon will be gone, and the one load of firewood for the year is now being sold. The trustees are hoping other loads will be arriving to keep it company at an early date.

CARS ON ROAD

Quite a large number of cars have been seen on the road east the past two weeks, but since the heavy drifting east of Dryden's Hill some have had to take to the field. Toward luck.

THE LITTLE JOKER

"The Bank Too"

"I don't want to eat this egg. It's not a nice egg," protested the six-year-old daughter of the house at the breakfast table.

"Mary," said her mother sternly, "you are always complaining of your food. Eat what is placed before you—every bit of it—without another word or else I'll have to give you a good spanking."

"All was quiet for some minutes. Then from the other end of the table sounded a mournful voice.

"Mother, dear, do I have to eat the bank, too?"

INTERESTING NEWS ITEMS SENT IN FROM DEBOLT

DEBOLT, Mar. 28.—The Rev. J. Devere of Crooked Creek will conduct Easter service in the Debolt United Church on Sunday.

A special Easter musical program is being prepared. Everybody welcome.

The Rev. E. J. Hunt of Clairmont will conduct the Easter service in the Debolt United Church on Sunday, March 25. A large crowd and special music made the service very interesting. Mr. Hunt spent the day visiting upon the big hill.

It is nice to see the cars and trucks go by. It makes us really believe spring is here.

H. E. Debolt and J. Fehr have finished hauling 2,500 bushels of seed oats across the Rocky and are now busy hauling 2,000 bushels of seed wheat.

J. R. Bickell has finished hauling logs for the sawmill and there are large piles of the logs awaiting the sawmill.

GORDONDALE

HAULERS WORKING OVERTIME

GORDONDALE, Mar. 22.—The chinook has been doing its work on the snow for the present and with a two-inch fresh fall of snow followed by two or three snappy nights the haulers are doing overtime now. The hauls are out at last and going strong. Piles of blocks are beginning to dot the landscape all over.

SHIPPED CAR OF BLACKS

Charles Kleser shipped his car of blacks as scheduled, and it was the only finished car of seven that moved from Spirit River that day.

"BELT" ROAD WOULD BE FINE

Transient freighters are passing the route that they saw a real bridge on the Blueberry highway across the Chukchuan Creek, newly constructed. We are led to believe it is the ninth one across that treacherous stream and the pessimistic ones are saying "long will it" last. Now with such good bridges everyone interested in wondering if an attempt will be made this forthcoming summer to grade the road between them, and then it will only be a matter of a few other ten miles or so to complete the road right through from Spirit River to Dawson Creek.

The outside impassable a major portion of the summer, tourists cannot get in and no one can get out with a car, and those going for a track drive have to double on their tracks 50 per cent of the time. If this portion of the highway were finished, anyone could start from Grande Prairie, let's say, and drive completely through and around the Grande Prairie division of the Peace River country, also into the Block and home again in one day. With such good bridges, it would be a crime to wait them remain white elephants for two or three years.

SHOOT MONSTER WOLF

Mr. Lawson Scott of the Barn has just brought out from his trapping through breaks of the Peace a monster wolf, almost a foot and a half long, almost a foot and a half high, and before it was skinned almost too much for two men to lift. He reports seeing just one in the pack but could not get a shot at it. Fired two shots only and two wolves rolled over. The rest quickly disappeared.

Another trapper on his line between La Glace and this state reports seeing a large grizzly this winter, and half a score of different people have tried to track him. He reports seeing a score of people all around come reports of mouse killings by wolves being four.

Mr. and Mrs. P. Anderson have returned from Sexsmith to take up their homestead duties.

Mr. A. Menzies and Keith Johnson have returned from Fairview after delivering some horses, etc., to Keith's brother Terry which he left there two years ago.

Mr. Roy Williamson was visiting friends here and taking his parents' effects out to his Ma and Pa at Valhalla.

Mr. Paul Hudey of Bonanza and family were visitors at Mr. and Mrs. J. and Mrs. D. Menzies' home on Friday, while Mr. A. Kolosky and family from the same point were visitors at Mr. and Mrs. D. Menzies' home on Saturday.

Darlie Day has returned to Buffalo Lakes, unable to finish his lumber hauling owing to climatic conditions and distemper with his horses, which is quite prevalent in this district at present. One outfit belonging to R. Knight has died with the above mentioned diseases.

SIGNS OF SPRING

Tracks of several bears have been seen running around and whiskey-jacks have been observed gathering material with which to build their nests, so we assume spring is just around the corner, but how short or long is the corner?

D. C. MAN APPOINTED DIST. AGRICULTURIST

According to The Peace River Block News, Tom Crook of Dawson Creek, has been appointed temporary Acting District Agriculturist at a salary of \$150 a month, by order-in-council.

The News also carries the news that the public works maintenance vote this year for the Peace River electoral district is the same as last year, viz., \$20,000.

ALONG THE WAPITI

DANCE WAS HUGE SUCCESS

ALONG THE WAPITI, Mar. 27.—The St. Paul's dance on March 26, sponsored by the W. J., was a huge success, and the orchestra, headed themselves, Frank Jones, was the lucky holder of the ticket which won the quilt, made and raffied by the W. J. members.

We understand that since the dance Frank has started a bottom drawer.

The latest in dance steps learned on the Porcupine was demonstrated by our local storekeeper at the dance.

Wanted at the next dance, somebody capable of fixing ties.

We are very pleased to hear that Colleen McArthur of Gundy district, B.C., who was a resident at one time of Millarston, won a prize in the Highland Flair at one of her contests.

Jimmy Kenaway has returned to his home in Debolt after a winter's work at the mine!

Coal mines have closed down now, after having a very successful season.

We are sorry to hear that the little W. J. dance is under the doctor's care, and we hope she will soon recover.

The sawmill is running full time at the ferry these days.

Bob Dunbar, who has been visiting at the home of Mr. and Mrs. Whyte, returned home to Red Willow Monday.

David Whyte, Jr., was a visitor to the Mr. and Mrs. H. Taylor home Sunday last.

Jack Murray is very busy hauling fence posts and rails for W. J. Thomson on the McGill farm.

APPRECIATE WORK DONE

Those of us that are sure to have the names of the men who have done the work to express our appreciation of the work done last year. We are fairly keen to see the benefit of it now, and hope to see a finished job this summer.

SEEN AND HEARD

George Allen is starting out very early for the dance Friday night.

The burning question of the day is "Who got my rat?"

ELMWORTH NEWS

PLAY WAS HUGE SUCCESS

ELMWORTH, Mar. 24.—"Here Comes Charlie," the play put on by the Elmworth Young People, was a huge success at Halcott on Friday, March 21. The hall was packed, the doors and some were glad to get standing room.

Mr. Gordon Meyer reports the loss of one of his best milk cows during the past week. Everything was done to save her, but without success.

Mr. P. Stern and Mrs. H. Frame spent the week at the Lyle Speed's place at Sylvester. Last report is that they are that John Brown. There is to be a single milk installed as well. No doubt they will get all the work they can do.

Mr. J. Grant and saw outfit are at present south of the Belvedere place. "Hurry up, Jim," or you will have to come back on bare ground, as the snow is fast disappearing.

PIPESTONE CREEK

NEW DANCE FLOOR BEING LAID
PIPESTONE CREEK, March 27.—It is planned to give the first dance of the season here about the beginning of May. In the meantime plans are being made to lay a new dance floor in the barn loft.

B. OF T. PLANS SUSPENDED

Plans to form a Board of Trade here have been temporarily suspended, as it is felt that it will not be too late to run a saw-estate on the ice break-up in the Wapiti. A life committee has been formed with a view to taking up this matter next season.

POLICE AGAIN IN NEIGHBORHOOD

Officers of the R.C.M.P. were seen here on Saturday last to make investigations into a number of complaints which were found to be in order.

A busy scene presented itself when the officers approached the ferry where numerous teams were hauling logs to the sawmill.

Many home-owners were glad to think that they had taken out their permits, but the presence of the representatives of the law made everyone a little anxious. After a visit to the local store the party proceeded to "Wapiti Hill," where supper was enjoyed. The police were accompanied by Mr. Boyd Johnson.

Bill Holby was here recently hauling posts up the hill.

Mr. and Mrs. Peir have been visiting in the neighborhood.

Mr. and Mrs. Ray Campbell drove to Pinto Creek last week.

Business in muskrats has been very keen lately, trappers coming in from a considerable distance to take advantage of the extra good prices prevailing at the local store.

With rats in every slough and lake, many amateurs have joined the ranks of the trappers. Amongst these is Mr. Harry Hodgson, who has been responsible for a lot of them.

Harry Hodgson has effected considerable improvements to his grain crusher and engine. A day was recently spent chopping grain for Don Kennedy, who is fattening several head of cattle.

Cattle buyers have recently failed to make a deal for Jim Ryan's carload of black cattle, which will be shipped through the Pool this week.

Pipestone's only remaining sheep died yesterday with four lambs. This would have been a record.

Gordon Wagner has decided to retire from the horse trading business. A few days ago he had a 1700-pound mare worth \$250. He now has an Indian pony and a quantity of miscellaneous oddments that he hopes to sell next fall.

The villagers have been enjoying every evening after supper skating on Hog Lake. Len Gille has shown up as a fancy skater, possibly an ex-champion.

THE FLYING FLEA

Translated by the Air League of the British Empire from the French of René de Saint-Exupéry.

AERO KINETICS

Kinetics are the science of movement. Fore and Aft Balance.

When an aeroplane meets an up-gust the following events occur in order:

1. It is lifted before the pilot thinks of reacting (physiological inertia).

2. The pilot pushes on the stick to lift the tail.

3. The whole mass of the machine under the influence of the elevator changes its attitude (mechanical inertia). At the moment when the machine has two moments of inertia, the tail comes in to add still more lift; at the same time it adds to the drag, and inclines the machine to lose speed under conditions where it is already losing that way. The pilot's perception of what is happening, the command of his tail plane, and the movement of the machine, the aeroplane leaps like a sheep. The wing of the Flying Flea pulls on the control stick. The pilot gives to the pull by letting his hand move. The stick passes. The Flea has kept on its straight trajectory. Control has been effected without delay. When a descending wing tries to drop an aeroplane at the very moment when the machine lacks lift the tail has to come into action to still further lessen it. There are the same delays in the action as before, but reversed. In the case of the Flying Flea the wing pulls less on the hand. The pilot's hand recognizes this and automatically gives more incidence with out any delay. The Flea cannot be tumbled down into the ground by such. The machine takes no heed of short disturbances. When the trouble is pronounced, it naturally takes up an attitude to meet it. Any flying machine wastes less of its power and time the smoother its trajectory, and the less the passengers are knocked about the better for their comfort. In this case we must give full marks to the Flying Flea. On landing, a bump on the ground causes the flying machine to rise into the air. The sudden alteration of the angle of the ordinary aeroplane pushes it into the air. You need some skill to get it back to the ground smoothly. The Flea takes its wing so immediately. It loses all its lift and its weight presses it to the ground. It is as if it had no wings, while its large tail keeps its attitude correct in flying position. The Flying Flea lands without perturbation. That is one more good mark for it.

When taking off, there appears an obstruction after the wings. The pilot of the Flying Flea gives a momentary pull to its wing to keep the obstacle and the wings on to the flying speed. The long fuselage and the inertia of the mass of the machine cause a rule out. This maneuver. The pilotage of an ordinary aeroplane is as much a technical art as would be the case of a motor car steered by the rear wheels. The general trend

ASPEN RIDGE

FAREWELL PARTY GIVEN

ASPEN RIDGE, March 31.—Aspen Ridge celebrated the loss of two of its most popular young men, when Geo. Clayton and Harry McLeod left on Tuesday's train for Red Deer, where they have secured work. Apparently Red Deer wants good men so they sent to Aspen Ridge to get them. The young folks staged a farewell party at the home of Mr. and Mrs. C. Grubbs, where everyone enjoyed themselves and wished the friends on their voyage and safe return in the fall.

Mr. Angus Clayton is still busy sawing wood, the cold weather being hard on the wood pile.

Mr. Dan Willey is at present working at Wm. Manard's on the Beaver Lodge, the home of the little red truck.

Mrs. Kitson has returned to Wapiti after visiting her sons C. and H. Penny. We are glad to learn that Cecil Penny is improving rapidly and hope he will return to the Ridge very shortly.

Mrs. Walton has been visiting her daughter, Mrs. Kate Penny and Joan. The census men must have been here to get the population of Aspen Ridge lately, as the population is increasing rapidly. Everyone except the school board congratulates the proud parents.

STURGEON LAKE

CALAIS, March 22.—The weather being so changeable his brother's son, who is now in this community, is threatening to many people in this community.

BRIDE AND GROOM HONORED

A very enjoyable time was spent at a party given in honor of the bride and groom, Mr. and Mrs. Albert Smith, for another purpose, which was greatly enjoyed by Miss M. Stuck on her twentieth birthday. The time was spent by playing games, singing and dancing to music supplied by the bridegroom and his friends.

The bride and groom were seated by the hostess, followed by more games and dancing, which ended at the early hour of 8 p.m., when the happy couple were seen to leave the hall. The party was very enjoyable and all enjoyed the time.

Seen and heard at the party.

What was tickling the men on the floor while the lid was being spun? Someone got their backs washed when bowing to the King of... So George giggling by himself.

Hot and George back from their trip last night. Did you do well? Someone getting the tailpiece.

The men's tongues were hanging out for a particular reason—just pushing a car.

John turn back. Let's have fun. All well, we believe half we see and none that we hear.

HAPS AND MISHAPS ON JURY "WALK HOME"

By BERT FUNNELL

LONDON, England, March 30.—Well, I am here at last, and it sure feels good, too. Our trip is figured at 7,000 miles by the way we travelled, having to go the south route so as to avoid the danger of ice at Scotland and Ireland before arriving at Liverpool. London is quite a village.

It was very much of a pleasant surprise to have "Scotty" McGill get on the train at Grande Prairie and to find that he was sitting on the "Duchess of Bedford" train. The McGill left Edmonton on the Sunday, February 20. I stayed over until the next day, so I will start the story off from Calgary.

I left Calgary at 9 p.m. on Monday, the 24th, after visiting a filling station, a hotel, a cafe and sitting down with food for the next long trip on the train. I was introduced by the conductor to a red-headed girl going home to the Isle of Man on the same boat, and a blonde going home to the Isle of Man. I had lunch with the red-headed girl—harmless enough with lots of mustard.

We passed over Alberta into Saskatchewan during Monday night (22nd), got to Regina at 8 a.m. and Regina at 9:15 a.m. "Show to the right of us, now to the left of us, drifting and whirling." Hoops more snow here than in Alberta at this time of the year. It is interesting to see out of the train window.

THE BEST OF THE WEEK'S INTERESTING NEWS PICTURES

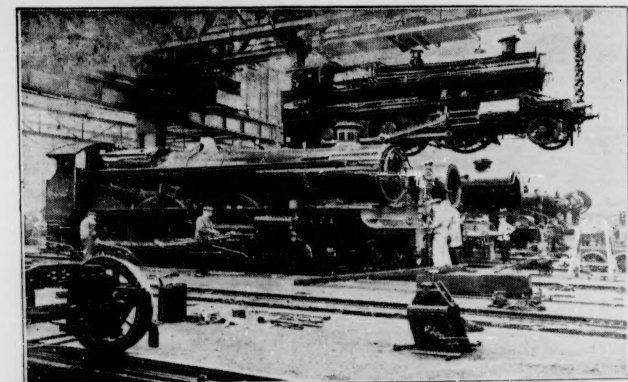

FLOOD LEAVES 20,000 HOMELESS AT WHEELING

More than a score of lives were lost in the vicinity of Wheeling, W. Va., when the Ohio River rose to the unprecedented height of 54 feet, leaving at least 20,000 homeless in the city of Wheeling alone. Fire and explosions added their terrors to the perils of the churning yellow flood as refugees fled to higher ground.

ITALY PROCEEDS WITH HER "EXPEDITION" IN ETHIOPIA

While the leading nations of Europe ponder over the Franco-German controversy and Germany's renitization of the Rhineland, Mussolini's colonial troops are proceeding with the war on Ethiopia. Here is seen a caterpillar tractor hauling precious oil over a bridge constructed by Italian engineers at Daba.

BRITISH RAILWAYS CONDUCT LARGE BUILDING PROGRAM

One of the British railways has just set out on a tremendous 1936 program of renewals and additions to its locomotive, rolling stock, permanent way. The program, the largest which has been undertaken in the British Isles for some years past, includes the construction of 225 locomotives, 362 passenger coaches, and 3,500 freight cars. This is quite apart from the works to be carried out under the British government guarantee loan scheme. Above are new engines in the making, while a gigantic travelling crane is easily carrying another engine weighing some 70 tons over the top of them to another part of the workshop.

Given an average growing season the prairie provinces will produce a 400,000,000 bushel wheat crop this year, W. M. Neal, vice-president of western lines of the Canadian Pacific Railway, said at Vancouver.

A special House committee of 28 members has been established to investigate problems relating to pensions and returned soldiers. Pension Minister Power moved the necessary motion.

Great Britain's largest butter factory, planned for Chard, England, will have a capacity of 300 tons a week.

Here and There

About 32,400,000 acres have been sown to wheat in British India this year, the International Institute of Agriculture estimated. The area under cultivation is slightly smaller than that of last year.

Labor Minister Rogers announced in the House of Commons no more men were being admitted to relief camps. In line with the government's determination to close them as soon as possible.

Figures of King George and Queen Mary are to be included in a stained-glass window in the northwest transept of Liverpool cathedral, the window being to commemorate the cathedral's consecration.

Divorces granted in Canada during 1935 showed a substantial increase compared with the previous year, according to a report issued by the Dominion bureau of statistics.

Wireless telephone service has been established between the Chinese cities of Canton and Moscow.

ANNOUNCES DEFICIT

A deficit of \$807,715—or \$142,517 less than anticipated in the estimates—was reported to the Nova Scotia legislature in the public accounts of the province, tabled by Premier Angus I. Macdonald, above.

Television receiving sets were 134 shown to the German public at the radio show, this year in Berlin.

North America is the only continent with rich coal reserves far inland from the coast.

WORTERS

Stirling goal tender for the New York Americans is almost certain of a berth on the N.H.L. all-star team this year. His performance in front of the net are largely responsible for Americans' play-off chances this season.

TWO DESTROYERS LAUNCHED

LONDON, March 30.—The 8,000-ton cruiser Southampton has been launched at Clyde. The vessel is expected to attain a speed of 32 knots. At Walby, Northumberland, two destroyers of the 1934 program, the Hero and the Hereward, were launched. They are expected to have a maximum speed of 35½ knots.

ANCIENT MINE DISCOVERED

A copper mine which is said to be 3,000 years old has been discovered in Kielce, Poland. The works are in a wonderful state of preservation, and implements and tools have been found. Engravings of the planetary system and inscriptions decorate many of the galleries.

WHAT ONE GIRL WORE . . .

By Betty Brownlee

Spanish touches lend a colorful note to the Spring fashions. Cloves and frocks, in both color and line, reflect the mode separatista, with boleros a favorite adaptation. Millinery, also, follows the trend. Some of the Spanish type hats have broad brims and flat crowns, others rise conical to a point, and still others feature chin-strings or curving brims.

Even in footwear the inspiration is present, with one particularly smart example being shown in gaily colored kidskin and tied around the ankle with ribbon laces. And Spanish jewelry will dress up the simplest dark frock most colorfully.

This week we illustrate one of the new bolero costumes which will be a favorite in the weeks to come. This one is developed in black wool crepe with a flat yarn dot. The jacket has a simple, rolled collar, extended shoulders and plain turn-back cuffs. The skirt is straight, fastening in back with a zipper over a slightly flared insert.

With the frock is worn a blouse of pale blue crepe having a most flattering neckline, the neckband tying in a small bow beneath the stand-up collar. At the waist it is gathered and tied in another bow.

Several features of importance noted in the collections for early Spring wear include the slightly shorter skirt, an abundance of pleated effects, and shoulder lines which are accentuated by details tending to broaden them.

A smart frock which contains all of these features is illustrated this week. It is a charming little model in black crepe, with color contrast furnished in touches of French blue sheer. As will be observed, the skirt is not drastically shorter than the recent vogue but has been shortened just enough to lend a more youthful line and to provide a little more freedom for walking.

The pleated insert down the entire front of the dress is one of the new features of the Spring vogue and reflects a redemptive influence. The French blue used for the insert is repeated in the lining of the little capelet and also in the deeply pleated ruffle used to trim the collar and cuffs. In this frock it's the cape which gives breadth to the shoulders, in keeping with the current mode. Other details which command attention are the suit-like belt, which is of self-fabric lined with the blue, the smart tailoring of the cape and the slender silhouette of the frock, despite its pleated front.

ORIGINAL PHOTOGRAPHS OF THE RHINE OCCUPATION

An enthusiastic welcome from citizens of the Rhineland greeted German troops when they occupied the demilitarized area after Hitler cast off the final provision of the Locarno Pact and Versailles Treaty. Children gazed in curiosity at the steel-helmeted sentries, young trainees cheered the incoming cavalry and citizens generally celebrated the advent of German troops with public demonstrations.

TAKE COVER! GAS ATTACK!

Those people who experienced the horrors of air raids in the last war, and remember the cyclists and policemen who rushed about the city or town crying "Air Raid! Take Cover!" can readily understand the significance of the cyclist above. He is a member of the Air Raids Prevention department of the British Home Office, equipped with a gas-mask and amplifier through which he can warn pedestrians of the presence of gas attacks or air raids.

FRANCE HONORS MEMORY OF ANOTHER KING

While one well-known sculptor is busy making a memorial to the late King Albert of the Belgians, above is shown another famous artist, M. Real del Sarte, creating a memorial to King Alexander III of Yugoslavia, who was assassinated in France. M. Real del Sarte is a one-armed sculptor, but in spite of this handicap he has made many fine memorials in Paris. The King Edward VII Memorial at Harrogate is one of his works.

VISIT FROM LORD MAYOR

VANCOUVER, March 29.—The Lord Mayor of London has signified his intention of attending Vancouver's Golden Jubilee celebrations this year and Secretary of State Cordell Hull will probably represent the United States if President Roosevelt is unable to visit the city. Mayor McGee said.

A NEW RECORD

MOSCOW, March 27.—An endurance record was claimed by a red air force mechanic, I. Gulinenko, who kept his face in a gas mask for 130 hours, 45 minutes, except for three 15-minute periods daily when the mask was removed to permit him to eat.

Sexsmith Rinks

(Continued from Page One)

Naughton of Sexsmith and the Nelson of Grande Prairie, was a friendly encounter. Prior to the cup game the Grande Prairie Curling Club executive met and decided that Rev. J. G. Goddard and G. A. Duncan be the defending skip. Jack McKay and Bob Sharp were the pilots for the challengers. Duncan won against McKay, 15 to 8. Goddard defeated Sharp, 9 to 4. In the friendly game Nelson lost to McNaughton, 14 to 8.

Ice was exceptionally keen, but all sheets were tricky and at times had the skip buffeted as to what ice to give. Sharp was drawn to meet Goddard on sheet one, and McKay on ice two against Duncan.

Sharp-Goddard
Goddard won the first end with a lone counter. Sharp took the next two frames, making the score 2 to 1. At the end of the seventh the board read 4 to 4. Goddard got a pair on the eighth and on the tenth, and held Sharp to a lone counter on the ninth frame, giving him a lead of three. The eleventh went to Goddard, counting one, making the score 6 to 3 coming home.

Goddard was lying short, with Sharp a second and third after the third had played their rocks. Goddard placed a good guard, but Sharp made a beautiful shot and took out the counter but lost his rock. Goddard missed his last rock and Sharp drew in for another, counting three, making the score 9 to 8. By the board:

Goddard 100 101 126 210-8
Sharp 611 020 001 003-8

Personnel of Rinks:
Sexsmith—Bob Sharp, skip; B. H. Baker, third; Fred McNaughton, second; Mack Plain, lead.
Grande Prairie—G. A. Duncan, skip; Rev. J. G. Goddard, lead; Jack McKay, third; Larry Cobb, second rock.

McKay-Duncan
Duncan's rink took the chalk, counting the first two ends with one. McKay tied the score at the third.

Duncan again took the lead and held it to the finish. The score stood 9 to 8 in favor of Duncan at the end of the tenth. (At this stage of the game the Grande Prairie rink were four points to the good.) Duncan added two more on the eleventh, practically clinching the cup, as his rink were clicking on all fours. When Duncan delivered his last rock he was counting four. McKay had what looked like a perfect rock, but it drew where it was supposed to fall and went through. By the board:

McKay 002 020 102 100-8
Duncan 110 042 020 024-15

Personnel of Rinks:
Sexsmith—Jack McKay, skip; T. Fairbairn, third; E. H. Lorne, second; W. R. Roberts, lead.
Grande Prairie—G. A. Duncan, skip; C. C. Butchart, third; Marvin Lewis, second; Frank Crumby, lead.

McNaughton-Nelson Game
The Nelson lost in the third game to Bill McNaughton, who got a big lead in the first part of the game and held it to the end, finishing up 14 to 8 in favor of Sexsmith.

Sexsmith—W. E. McNaughton, skip; J. Welch, third; Bill Miller, second; Roy Delle, lead.
Grande Prairie—L. Nelson, skip; F. Spicer, third; Al Field, second; J. Richmond, lead.

SOAPONE, A NEW PRODUCT NOW ON SALE IN G. P. DIST.
A new household cleanser, called Soapone, is now available to Grande Prairie and district people. It is an Edmonton man, maker of this new product and founder of this new industry for Alberta, which he has developed during the past few adverse years in spite of many obstacles and difficulties. He started in a small way, but now after a three-year struggle, has won recognition for his product, his only advertising having been that spread by satisfied customers.

The product carries on its wrappers the words, "The Pure Product With a Clean Thought." Soapone has been put to the severest tests and has proven among other things that it will not injure the most delicate fabrics.

and requires only half as much to get the same results as obtained from other brands of granulated soap. A Soapone advertisement appears on page two.

JOHN STEWART TO CONTINUE GROWING OF PRIZE POTATOES

Mr. and Mrs. John Stewart of the Lake Saskatchewan district were visitors in Grande Prairie on Tuesday. Mr. Stewart stated to the Tribune reporter that he would be satisfied until he won the ribbon at the Toronto Royal with an exhibit of potatoes.

The Lake Saskatchewan farmer, who has been a strong contender in the big shows for several years with Cobble variety, won first prize at the Calgary Fair. He stated that good seed potatoes were in strong demand and he simply could not supply the many requests.

"I have developed a real foundation stock and will continue growing potatoes until my ambition is realized," was the way the oldtimer put it just before leaving for home.

IF PASSED, NEW SALES TAX BECOMES EFFECTIVE MAY 1

EDMONTON, April 2.—The new provincial sales tax of two per cent is to come into effect on May 1, according to terms of a bill to impose taxes on the ultimate purchaser of certain commodities which has been introduced in the legislature and given first reading.

The purchaser must pay the tax at time of purchase and the vendor must turn the amount collected over to the Provincial Treasurer.

Tax must be paid on almost every article of everyday use. There are few exemptions. The articles exempt from this tax: "bread, milk, coal, gas, water, newspapers, farm machinery and repairs thereto, binder twine, electricity, agricultural products produced within the province when sold by the producer, fuel oil within the meaning of the Fuel Oil Tax Act, liquor within the meaning of the Liquor Control Act, money or things in action or the evidences thereof, and any other commodities which may be declared by the Lieutenant-Governor-in-Council to be commodities to which the Act does not apply."

JOAN BLONDELL IN BRILLIANT COMEDY COMING TO CAPITOL

Joan Blondell, the blonde pepper box, returns to the screen after an interval of several months in the hilarious First National comedy romance, "Travelling Saleslady," which is featured with "Crimson Romance" at the Capitol Theatre for three days, starting Monday.

Miss Blondell portrays the daughter of a tooth paste manufacturer, who had monopolized the field so long that he had grown conservative in his methods and his rivals began cutting social grounds into his business. William Gargan has the role of Miss Blondell's rival salesman, who hates her for getting the best of him and yet can't help loving her.

"CRIMSON ROMANCE" IS GRIPPING AIR DRAMA

"Crimson Romance," Mascot Picture's spectacular screen offering at the Capitol Theatre next Monday, Tuesday, and Wednesday, April 6, 7, and 8, contains all the elements of screen entertainment necessary for enjoyment, plus some exceptional highlights of superlative acting and mass spectacle outstanding even in these days of lavish picture production. It is double-featured with "Travelling Saleslady."

The story is a simple one of two American boys who, at the start of the World War, find themselves as flyers in the German Air Force in their search for adventure.

Ben Lyon, as the carefree American pilot, is outstanding in a cast composed entirely of players of stellar calibre. Sari Maritza, as the girl, is ideally cast. Her typical blonde beauty and Continental chic give a piquancy to the part that is distinctive.

To counterbalance the simplicity of the romantic story a spectacular background of the activities of a German air squadron is provided, the military

Remember to get your TULIPS FOR EASTER Beautiful in pots \$1.00 each Siano Gift Stores Limited

aviation scenes being staged on a huge scale and offer cinematic thrills on a scale that the screen has never before equaled in this respect.

WEMBLEY UNITED CHURCH
Minister: REV. WM. J. HUTTON, B.A.
Sunday, April 5
11:00 a.m.—Dinodale Hall.
3:30 p.m.—Lower Beaver Lodge.
7:30 p.m.—Wembley.

Subject: "Taking Jesus Seriously." There will be a special service on Good Friday, at 11 a.m., in the Wembley United Church, Rev. W. H. Moss of Hlythe will be the speaker. People are invited to come from the country and bring their lunch. All are welcome.

Wm. Hiram and Miss Gwen Gant, holders of the Rivers Open Challenge Badminton Cup, displayed their usual winning form on Thursday evening last by winning two straight games from the challengers, Wm. Edmond and Miss Edna Taylor, thereby retaining the cup. Many thrilling badminton exhibitions have centered about the Rivers trophy recently.

Miss Helen Paul and her mother, Mrs. D. Paul of Wembley, are leaving Friday night for a holiday at Nelson, B.C. From Nelson they will proceed to Vancouver, where they will spend some time.
